

Apple leaf sample information form

Sample name (e.g. Jane Smith #1)	Your name	Contact email
Description of the tree (e.g. single or multi-stemmed, approx. diameter of largest stem, approx. height, anything else!)		
Description of the fruit (e.g. size, shape, colour, russeting, presence of scab). If you have photos or can get them later, email them to pkron@uoguelph.ca		
Location		
Nearest town	County and Province	GPS or lat/long
Other location and surroundings information (e.g. hedgerow, old orchard, yard, roadside)		
Tell us about the tree (e.g. history, why it interests you, anything else)		
Are you confident about the identity of your tree?		
If yes , why? Can you tell us the origin of the tree (e.g. a specific nursery)?		
If no , do you have a theory about its identity? What are your reasons?		
You can print this form and mail it with your sample, or email to pkron@uoguelph.ca
