Apple tissue sample information     OHFAP     Accession:     Please leave blank

| **My name for the tree** (e.g. Smith Tree #1, Big Red, etc.) | |
|---|---|
| | |

**General tree location**

| Nearest Town | County or Region | Province |
|---|---|---|
| | | |

| GPS coordinates or lat./long. (optional) | |
|---|---|
| | |

**Contact information**

| Name | Email | Phone Number |
|---|---|---|
| | | |

| Mailing address | |
|---|---|
| | |

**Description & Photos:** Descriptions and photographs of your tree are optional but can be very helpful, especially if we think your tree might be an unusual cultivar. **Photographs of fruit are especially useful**; see an example on our website (Step 4). Photographs can be sent at any time to pkron@uoguelph.ca; please identify the photo with your name and the name for the tree that you've provided above.

**Describe the tree's location**
(e.g. planted in a row in an old orchard, growing in a hedgerow along a field, etc.)

| | Will a photo be sent? |
|---|---|
| | |

**Describe the tree**
(e.g. approximate size, single stemmed or multi-stemmed, apparent graft point, etc.)

| | Will a photo be sent? |
|---|---|
| | |

**Describe the fruit**

| | Will a photo be sent? |
|---|---|
| | |

**Anything else you want to tell us about the tree** (e.g. history, personal stories, etc.)

**Do you think you know or have a guess about the identity (cultivar)? If so, what are your reasons?**

This is a fillable form. If you open it using software for reading pdf's, such as the freely available Adobe Acrobat Reader, you can type text directly in the boxes and save the filled-in form. For longer responses, the text size will automatically get smaller, so you're not limited by the sizes of the spaces.
